

# OUR COMMITMENT

From intricate machining to advanced electro-mechanical assembly, MIC Group is your trusted partner for precision, safety, and quality. Together, we build the future—securely and flawlessly.

UNWAVERING COMMITMENT TO  
QUALITY AND SAFETY

## ■ Design For Manufacture and Assembly

From design to production, we employ rigorous quality control measures to guarantee consistency and precision.

## ■ Ensured Reliability

Whether it is a prototype or full production, MIC's QMS System and processes will ensure you receive precision manufactured products of the highest quality standards.

## ■ Value Added Services

MIC goes beyond machining and assembly with services like electromechanical assembly, advanced testing, and supply chain integration that give you a competitive edge in the market.

# FROM CONCEPT TO COMPLETION

we're with you every step of the way to ensure quality, efficiency and success at every stage.

## POWERED BY

### JB POINDEXTER & Co

J.B. Poindexter & Co., Inc. is a \$2.5 billion revenue leader in commercial automotive and manufacturing, delivering exceptional quality and innovation across diverse industries. Our advanced operational and financial strategies drive the production of truck and van bodies, pickup truck accessories, industrial storage solutions, funeral coaches, limousines, and more.

With an industry-leading portfolio that includes Morgan Truck Body, Morgan Olson, Reading Truck Group, MIC Group, and others, we are proud to set the standard for reliability and performance.

JB POINDEXTER & Co

# A MASTER MANUFACTURE FOR THE MODERN AGE

# YOUR PROJECT

## CUSTOM SOLUTIONS

MIC transforms challenges into customized solutions, optimizing manufacturing processes to improve efficiency, reduce costs, and eliminate the need for expensive capital investments.

## INTEGRITY & TRUST

Your success starts with trust. At MIC, we work transparently to ensure every solution aligns with your goals, building lasting partnerships based on accountability and proven results.

## COMMITMENT TO QUALITY

MIC delivers solutions that exceed expectations. Our expertise has helped customers improve workflows, reduce costs, and eliminate unnecessary investments—so you get the quality you need without compromise, ensuring reliability and consistency.

# OUR SOLUTION

## PROVEN PROCESSES

MIC optimizes your systems for peak performance. Through reverse engineering, we help reduce failures, cut costs, and streamline production—delivering consistent, measurable improvements every time.

## CUSTOMER-CENTRIC APPROACH

Your needs drive our innovation. Every MIC solution is tailored to help you achieve your goals efficiently, ensuring you remain competitive in an ever-evolving market.

## EFFICIENCY THROUGH INNOVATION

Innovation is at the heart of everything we do. From designing smarter processes to improving lead times, our innovative solutions help you focus on what matters.

**OVER 60 YEARS OF  
PRECISION MACHINING**

Where some companies stop at proof of concept, MIC supports your company from initial design through full-scale manufacturing, ensuring a seamless transition at every step.

## TURNING

Vertical turning lathes allow an extra level of service to resolve challenges associated with part size, weight, and complexity.

## MILLING

Our expertise in milling, supported by advanced vertical and horizontal equipment, gives us a competitive edge in handling even the most complex customer requirements.

## HONING

A precise, smooth, and polished ID cutting process, honing uses polishing stones to gently create an ideal finish.

## ASSEMBLY

MIC's assembly process integrates precision engineering, advanced tools, and rigorous testing to deliver seamless, high-performance components ready for industry applications.
